

AMENDED IN ASSEMBLY APRIL 11, 2005

CALIFORNIA LEGISLATURE—2005–06 REGULAR SESSION

ASSEMBLY BILL

No. 478

Introduced by Assembly Member Lieber
(Coauthor: Assembly Member Leno)

February 16, 2005

An act to amend Sections 3419~~and~~, 3423, and 6030 of, and to add Section 3424 to, the Penal Code, relating to inmates.

LEGISLATIVE COUNSEL'S DIGEST

AB 478, as amended, Lieber. Female inmates.

Existing law provides that an inmate who gives birth after her receipt by the Department of Corrections may be declared eligible to participate in a community treatment program that provides for the release of the mother and child to a public or private facility in the community suitable to their needs.

This bill would require any community treatment program in which such an inmate participates to include prenatal care, access to prenatal vitamins, childbirth education, and infant care. *This bill would also require the department to establish minimum standards for pregnant inmates who are not eligible for the program including necessary nutrition and vitamins, information and education, and regular dental cleanings.*

Existing law provides that any inmate who would give birth to a child during her term of imprisonment may be temporarily taken to a hospital outside the prison for childbirth.

This bill would provide that the inmate shall not be shackled by the wrists, ankles, or both during ~~the birthing process~~ labor, including during transport to the hospital, during delivery, and while in recovery after giving birth.

Existing law requires the department to establish minimum standards for local detention facilities, as specified.

This bill would provide that those standards shall require that inmates who are received by the facility while they are pregnant are provided, at a minimum, necessary nutrition and vitamins, information and education, and regular dental cleanings. This bill would also require that these standards provide that at no time shall a woman who is in labor be shackled by the wrists, ankles, or both, including during transport to the hospital, during delivery, and while in recovery after giving birth.

Because this bill would require local officials to provide additional services, this bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

Vote: majority. Appropriation: no. Fiscal committee: yes.
State-mandated local program: ~~no~~-yes.
